PRESENT

The basis of life is change. Every era has its distinctive characteristics. Man must have the ability to cope with these changes as they are presented to him. The Louisiana State Normal College is entering upon a NEW ERA, having just completed its first fifty years. Its past is one of which the alumni can rightfully be proud. Its future is one which holds the brightest of views. With a new administrative head, a congenial student body and faculty, and a revived school spirit, the future of the college has a foundation truly worthy of a great period of accomplishment. If this volume portrays and records the spirit of this NEW ERA, our efforts in bringing you this book will have been justified.

D E D I

To A man, who in the stress of a difficult period in the history of the college, was able with the strength of his character and personality, to create a feeling of confidence and security; to bring to the students a renewed spirit of endeavor and loyalty; and to win for himself the greatest admiration of the students of this college; to this man » »

PRESIDENT ALBERT A. FREDERICKS,
we dedicate the 1935 Potpourri.

CATION

*Manhood not scholarship,
is the chief aim of education.*

ADMINISTRATION

OUR PRESIDENT

Albert A. Fredericks

PRATHER

VARNADO

FORD

HEREFORD

THE DEANS

It has been the wise policy of President Fredericks to allocate to various members of the faculty certain administrative duties. Perhaps the most outstanding of these positions are held by the deans: Dr. Ford, Dean of Instruction; Mr. Prather, Dean of Men; Miss Varnado, Dean of Women; and Mrs. Hereford, Dean of Students Boarding in Town.

Dr. Ford is a graduate of the Normal, Louisiana State University, and George Peabody College for Teachers. He has had many years' experience as a teacher and supervisor, and has served as Dean of Instruction here at the college for three years. During this time, Dr. Ford has made valuable studies regarding the standards of teaching and study maintained at the college, and has done much toward the raising of these standards.

Coach Prather has served in the capacity of Dean of Men for a number of years. His sense of absolute fairness and his unprejudiced attitude has made for him an enviable reputation. His contacts with the men stu-

dents, made possible by his position as athletic coach, as well as Dean of Men, have had much to do with the fine type of men which the Louisiana State Normal College gives to the state as teachers.

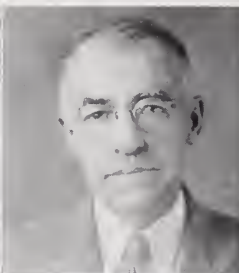

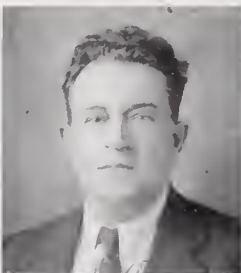

The position as Dean of Women is filled by one who has had many years of experience in this field of work. Miss Dean Varnado has been at the college for many years, and during this time has endeared herself to the many women students who have studied here. In order to know her influence, one has only to talk to graduates of this college, who always speak of the council and guidance received from her while here in the college.

At the beginning of the fall term, President Fredericks allowed many of the Normal girls to board in town. Mrs. Hereford was given the position as Dean of the Town Girls. Mrs. Hereford was for many years Dean of Women at the college, and therefore has had much valuable experience in this work. She is also Director of Social Activities at the college.

THE STUDENTS GOVERN

It has been the policy of the administration to afford an opportunity for student participation in all of the activities of the college. With this in view, the students were allowed to govern the entire college while the faculty attended the meeting of the Louisiana Teachers' Association. The senior class elected George Heard to act as president, Buddy Maxwell as Dean of Men, and Elice Haygood as Dean of Women. Each faculty member appointed a student to conduct his classes. Under the guidance of this splendid student administration, the scholastic work was carried on in perfect accord.

STUDENT CONVENTIONS

The merit of conventions is generally dubious. However, the two student conventions attended this year have been of material aid to the students of the Louisiana State Normal College.

Ray Winn, editor of the *Current Sauce*, attended the National Student Press Association meet held in Chicago. At this convention, Ray secured valuable suggestions in aiding him to create greater student interest in the columns of our student paper. Since the convention was held during the early part of the school year, the ideas obtained aided the paper during the year in becoming recognized as one of the best student publications in the state.

Dallas Williams and Edgerton Pierson attended the National Student Federation of America convention which was held in Boston, Mass. Representatives from the leading colleges and universities met and exchanged ideas. The two delegates brought back ideas which helped in the formation of a new student body constitution. Some of the ideas for the student discipline committee were submitted by the N. S. F. A. delegates.

Sending of delegates to student convetions gives a college a certain prestige that is not gained by those schools which are satisfied to remain apart from progressive student work.

WHO'S

In every group of people, there are some who by their ability, innate personality or their diligence become leaders of others. These may be outstanding in one field of endeavor or in many activities; but be it one or many, the qualities of leadership are in evidence. Some others possess the

TRIUMPH

CHEER LEADERS

ON THE GRIDIRON

HARRY H. TURPIN

DIRECTOR OF
VARSITY FOOTBALL,
TENNIS, AND TRACK

FOOTBALL

MELBA WOODWARD, *Football Sweetheart*

Under the tutelage of a new coach and with an entirely new system of play, the Louisiana State Normal football team enjoyed a successful season, winning four games, losing three, and tying one.

The Demons started the season with a 16-0 loss to the nationally famous Centenary Gentlemen. The loss of this game was felt greatly due to the permanent injury of Frank Fletcher, the Demon's fast backfield ace. Heard and Camp also received injuries that hindered them the rest of the season.

The following week, with Heard and Camp out with injuries, and Gallion hindered with a bad knee, the team suffered defeat by a 14-0 score by a hard-fighting East Texas State Teacher's team, T. I. A. A. champions of 1934. The game was played on a muddy field.

With a two weeks rest, the Demons entered into the outstanding game of the season which was played against Louisiana College. The 7-0 victory came in the first two minutes as a result of a completed forward pass from Baucum to Boucher that placed the ball on the two-yard line. Duke Porter, back to his old form, carried the ball over for a touchdown on the next

play. The remainder of the game was marked by the excellent defensive ball playing by the Demons. The line was impenetrable and was backed up by a wide-awake backfield. Baucum deserved his title as "field general" by pulling the team out of several close spots through the excellent way in which he directed the team. Duke Porter aided materially on the defense by his excellent punting.

Normal won the next game with Lon Morris easier than the 6-0 score indicates. It was a rather slow game, with only a few spurts of real football. The touchdown came in the third quarter as a result of a blocked punt by Fulton, which was recovered by Boucher.

The Stephen F. Austin game was a slow game hardly deserving comment. The game was played in a driving rain and wind that hindered the playing of both teams. Whittington was consistent with his off-tackle drives.

October the 27th saw the Demons make a home-coming day doubly successful by defeating, before a crowd of 5,000 home-comers, Louisiana Tech, their ancient rival, by a 6-0 count. The game was a thriller through-

R E S U M É

DOC AND ARDNER, *Trainers*

out. Heard and Whittington were back to old form with their off-tackle drives and end runs. Gallion proved that someone knew football players when he was mentioned as all-S. I. A. A. There seemed to be "too much Gallion" for Tech's line plays to function. Maxey and Anthony Porter gave examples of what the perfect guard should be by their defensive and offensive play. Boucher and Fulton repeated their feat of the previous week by blocking and covering a punt for the touchdown.

The overwhelming 31-0 victory over the Mississippi Teachers proved that the new system had its offensive as well as defensive merits. The entire team was clicking perfectly that night. Buddy Maxwell was in the game hitting the line hard and backing up the line efficiently. Heard and Whittington were outstanding with their long runs. Slack gave warning that he was going to be quite a defensive threat next year. Duke Porter's accurate passing and Murray Lambre's receiving netted two of the touchdowns. Clayton and Carlton were also thorns in the side of the Teachers.

Playing in a sea of mud and water and in a driving rain, the boys found the Thanksgiving game to be

a heart-breaker. The entire game, with the exception of two or three minutes in each half, was played in Southwestern territory. Even though S. I. I. made only three first downs while Normal totaled twelve, Normal lost by a 6-0 count. Southwestern found Normal's five-man line impregnable. The Bulldogs won the game in the last 50 seconds of play on a fumble by the Demons and a forward pass that was good for 30 yards and a touchdown. The game was marked by the excellent running and punting of George Heard, and the defensive play of Maxey and Gallion. "Christo" Camp finished his football career in that true "Camp fashion" of excellent football playing. Twelve seniors ended their college football playing in this game.

ON THE HARDWOOD

H. L. PRATHER
DIRECTOR OF ATHLETICS AND
BASKETBALL COACH

V A R S I T Y B A S K E T B A L L

The 1935 Basketball season was a most peculiar one. Starting the year with a road trip, winning three games and losing one, the Demons promised a good season's showing. A win over Southwestern and one over Tech seemed to strengthen this belief. Then a jinx seemed to overtake the squad and they went on a losing streak. This streak included losses to Louisiana Tech, Centenary, two to Louisiana College, and one to Southwestern. This slump was broken only once or twice by spectacular wins over the strong Stephen F. Austin team and Union University.

The last game changed the outlook of the entire season. Centenary, undefeated since 1932, and having won an easy victory over the Demons earlier in the season, was given the surprise of its life, when they were defeated by Normal by a score of 38-35. Never has a recent Normal basketball team functioned as perfectly as the Demons did that night. Time after time, Centenary opened up with that swift and deceptive offense that is so well known, but to no avail. Normal's defense was almost impenetrable. The Demon's offense clicked to perfection. The five Seniors who played their last game will long be remembered by the type of ball they played that night.

Although this is the first time in years Normal has not had an invitation to the S. I. A. A. tournament, held in Jackson, Mississippi, they defeated the three teams that were invited from this district—namely, Centenary, Louisiana Tech, and Union University.

BASKETBALL—SEASON 1934-35

DOUGHTY

"Pug" finished his fourth and last year as regular center for the Demons. His play was always characterized by the ease and smoothness with which he moved about the floor. His ability to handle a ball aided materially in offensive attack of the team. When it is basketball time again, "Pug" will be sadly missed.

WHITTINGTON

"Whit" was one of the best defensive men that Coach Prather developed during the season. Being a short and fast player, he often times gave the fans a great thrill by his excellent floor work. He maintained his characteristic fighting spirit through his entire basketball ca-

reer, which ended with the termination of the season.

GREEN

Roy teamed with Maxie at forward. The "gold dust twins" played together during their entire four years of college basketball and were therefore well acquainted with the type of basketball each other played.

DUPREE

Dick was used at both guard and forward positions this year. Although a guard by trade, Dick was shifted to forward because of his ability to hit the basket. He took care of his position in an able manner. Dupree and Doughty formed a great offensive combination.

BASKETBALL—SEASON 1934-35

MAXEY

James was one of Coach's senior forwards and one of the most consistent players on the team. Along with his defensive play he always managed to score several points during the game. As a freshman, Maxey had a most deceptive crip shot. During several games he made over twenty points. Although his crip shot did not function as well against the varsity teams, he did prove himself to be a splendid player.

WYATT

Being the only Sophomore on the team, Wyatt proved to be a most dependable player. His ability to follow the ball and to sink shots from the side

won him a place at forward. Although five letter men are graduating this year, there is one consolation that Wyatt will still be with us.

BAUCUM

Billy aided in holding down the guard position. He had an unusual ability to sink long shots and was therefore of valuable assistance to the team. Coach Prather feels that a letter in any varsity sport should mean something. In selecting these seven men, he surely picked deserving basketball players. Billy will be back next year.

*—The seven basketball players appearing on these two pages are letter men picked by Coach Prather, varsity basketball coach.

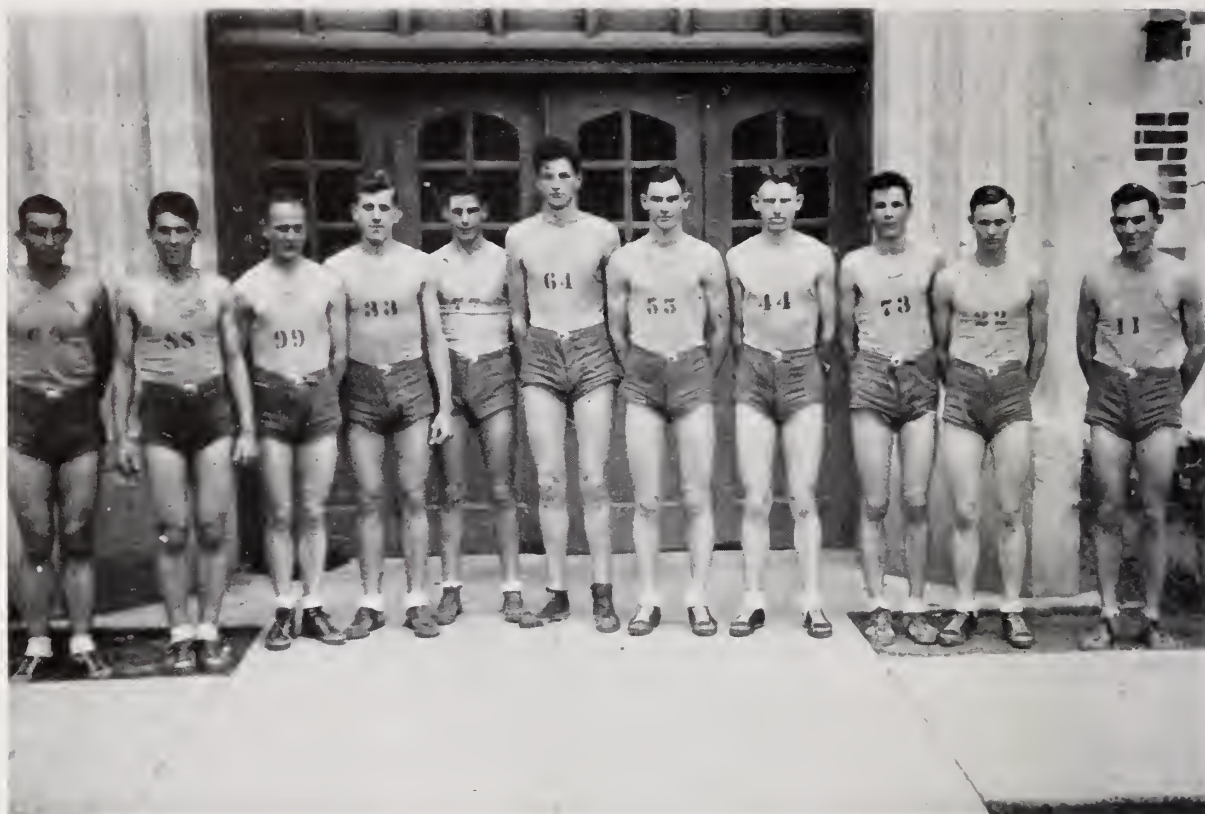

NORMAL BEATS CENTENARY

Everything was quiet . . . then came a tremendous uproar as "Toy" Whittington sank a free throw to place Normal and Centenary in a tie. The game was nearly over . . . just enough time for Normal to chalk up three more points and break the two-season winning streak of the Centenary Gentlemen. Normal did what the rest of the teams in the Conference couldn't . . . defeat the Gents.

C. A. MARTIN

Martin, a former high school basketball star, was given command of the freshman basketball squad for the 1934-35 season. He showed good judgment in directing the team. The freshman team this year was one of the best turned out in several years. "Congratulations, Martin."

FRESHMEN BASKETBALL

Because of his many other duties, Coach Prather turned his freshman basketball boys over to Martin.

With several high school stars on hand, Martin developed one of the best freshman teams Normal has boasted in the last few years. The Imps won games from several strong high school teams, and split a two-game series with Tech and Louisiana College.

With such players as Loftin, Magee, Colquette, Williams, and Rike coming up from this year's freshman team, Coach Prather's worries for his varsity team for the next few years should be few.

ON THE CINDER PATH

Normal is renowned throughout the South for the splendid relay teams that have been developed here. The most famous relay team to perform in the S. I. A. A. conference was a Normal team composed of Berry, Archibald, Seward, and Walker. This group of tracksters set an enviable record of 3:23.7 on one of its performances.

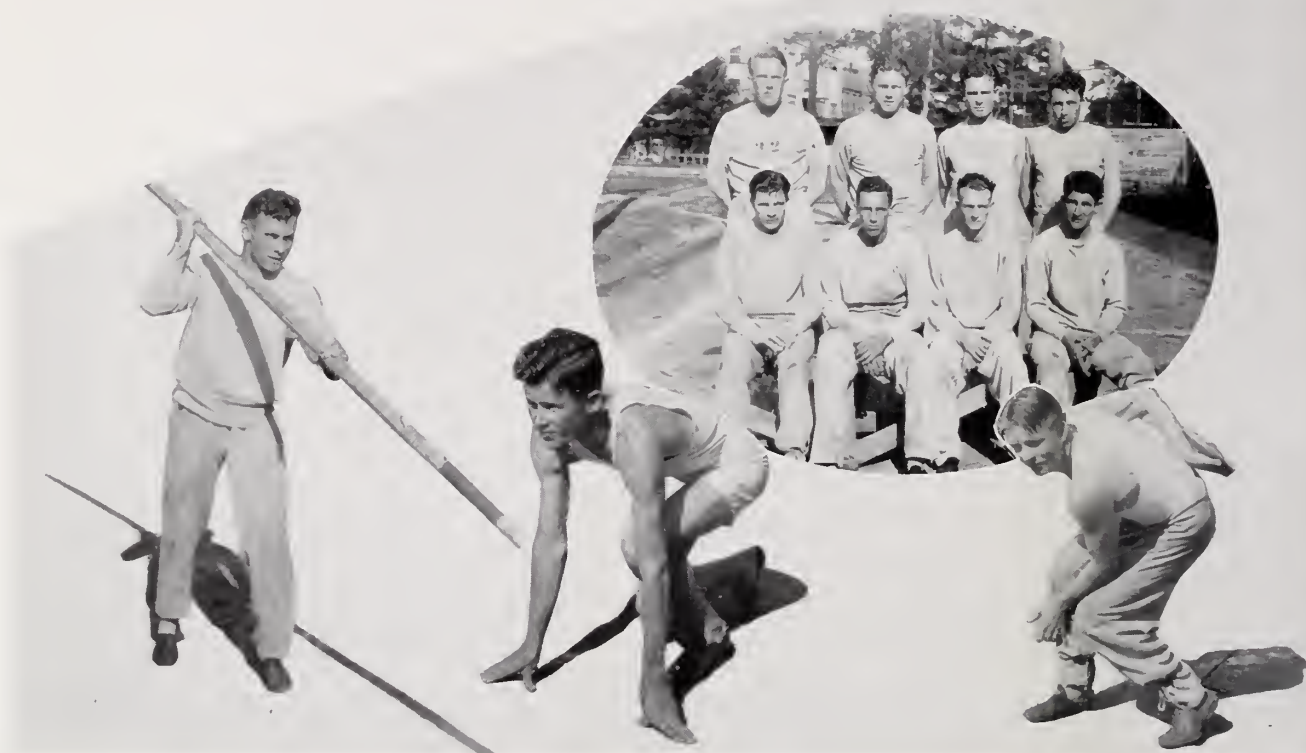

Last year, the relay team, composed of Hyams, Boucher, Cheshire, and Heard, continued to uphold the tradition of Normal by winning at the S. I. A. A. meet, the most thrilling of all track events, the mile relay.

Normal won second place in the District S. I. A. A. last year.

THE RELAY TEAM

T H E 1 9 3 4 T R

RICKEY

John, a short but muscular built athlete, turned in better records in vaulting than any other track man during the history to the college. His best vault was twelve feet six inches, attained in his Junior year.

GRANIER

One of the gamest two-milers ever to wear the purple and white, Charles led the distance men in S. I. A. A. competition for three years. Ill health probably cost him the Conference record in his Senior year.

WIMBERLY

Although it was puzzling how Doakey ever got enough energy to toss the discus, his efforts were quite successful in scoring points for the Demons. Perhaps, through his coaching efforts at New Iberia, he will be able to send Normal some of his discus proteges.

A C K S E A S O N

HYAMS

Gaiennie was the whole show for the Turpin Track Team in the dashes. In dual meets he never failed to come through with points. His best record in the 100-yard dash was 10 flat. His best effort was the time he placed first in the 220-dash against Southwestern. He was also a valuable member of the relay team.

HEARD

George, known as the "iron man" of Normal athletics, was the most consistent winner of the cinder path. He was considered the best half miler and miler in the S. I. A. A. Conference, and he was unbeaten in any event until he placed second in the mile run at the S. I. A. A. meet at Pineville. His title of "iron man" was deserved because he took part in five events: the mile, half mile, relay, javelin, and shot put. He will be with us again this year.

ALDREDGE

Leroy's continued determination to run the hurdles was successful in his Senior year when he placed first against Stephen F. Austin. His splendid hurdling form played a considerable part in his ability as a track man.

KIER MADDOX

THE 1934 TEN

One of the most outstanding tennis teams ever developed on this campus made its appearance during the 1934 season. The team was composed of Elton Bordelon, top ranking player, Henry and Edgerton Pierson, Bill Charleville, Kier Maddox, and Malcolm McLean. They were coached by Harry Turpin. The team breezed through the season with a perfect record, having been victorious in every match.

ELTON BORDELON

Plans for the 1935 season are now being formulated. The team lost one of its members, Henry Pierson, who graduated last year. All of the other varsity players will be back on the team and several other men will be trying for a place on the courts. The most extensive program ever planned by this department will be carried out. The team will make a tour through Mississippi and Louisiana. They will play two teams, Louisiana State University and Tulane, who have won national recognition.

BILL CHARLEVILLE

MALCOLM McLEAN

NIS SEASON

The State Normal Champion racquet wielders, coached by Harry Turpin and led by Elton Bordelon, ace ranking player of the team, the Pierson brothers—Edgerton and Henry, Bill Charleville, Kier Maddox, and Malcolm McLean, breezed through a successful season with a perfect record of five victories and no defeats.

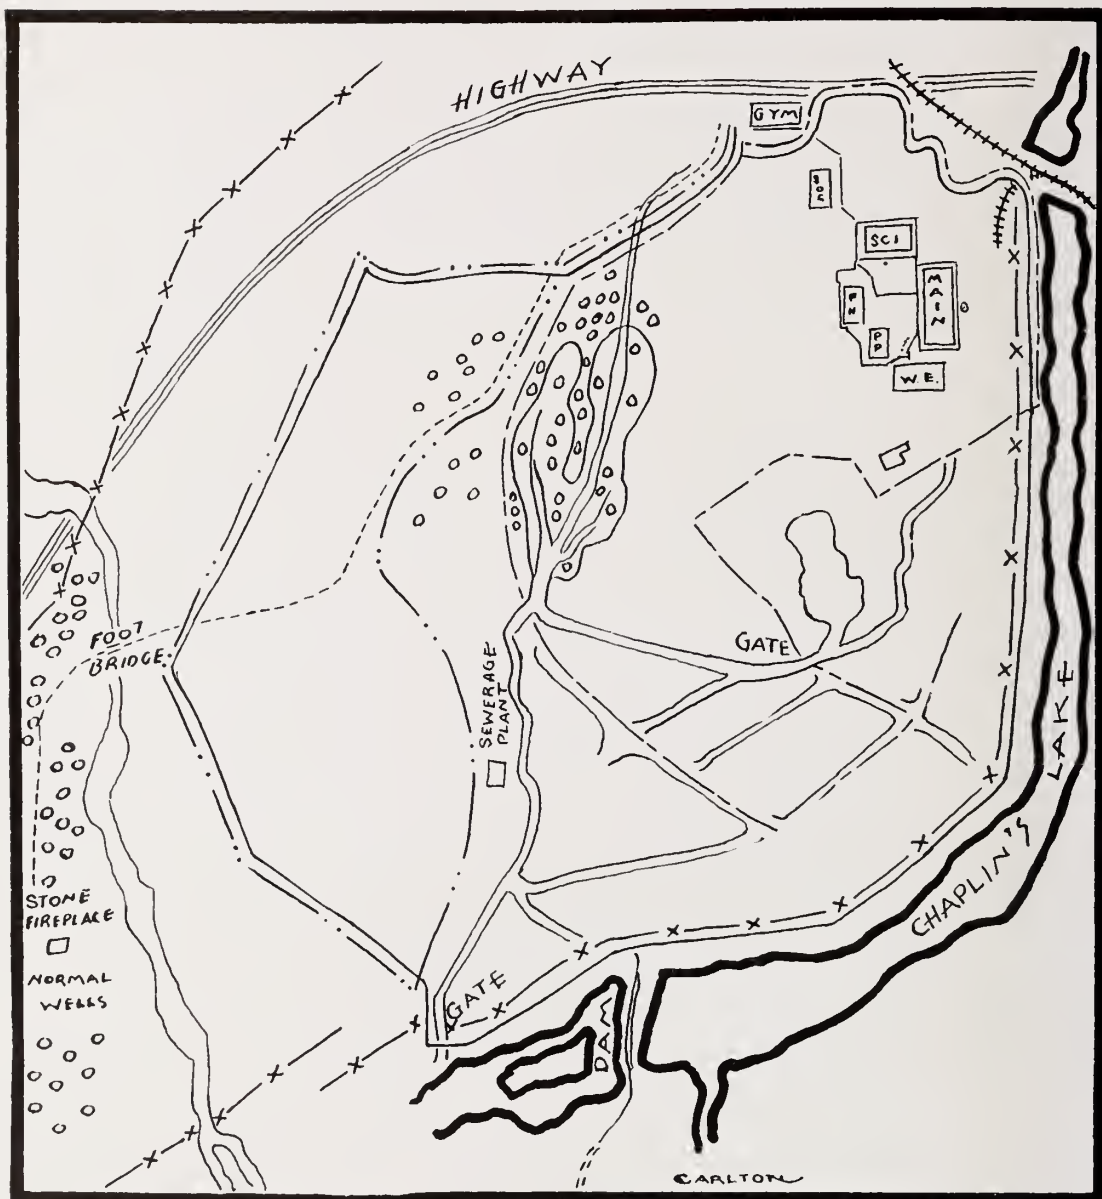

Plans for the 1935 Tennis schedule are the most extensive in the history of the college. The team will tour the State of Louisiana and Mississippi. During the month of March the team will play L. S. U. and Tulane—two teams that Normal has never had the opportunity to play before.

RESULT OF THE MATCHES

Louisiana College	Won by Normal—Score: 6-1
Stephen F. Austin	Won by Normal—Score: 7-0
Centenary	Won by Normal—Score: 6-1
Louisiana College	Won by Normal—Score: 6-1
Centenary	Won by Normal—Score: 4-3

WOMAN'S PAN-HELLENIC COUNCIL

Established in 1928

The Pan-Hellenic Council is composed of the president and two representatives from each sorority. It directs all sorority activities, especially in regard to rushing and the relation of the sororities to each other. The Council has full authority to settle questions of controversial matters which may arise between and among the sororities on the hill.

CHAPTER HISTORY

Phi Chapter of Delta Sigma Epsilon was founded at the Louisiana State Normal College March 26, 1926. It was the first organization of its kind on the campus. It was founded with the assistance of President V. L. Roy. Mrs. Roy, Mrs. Stroud, and Mrs. Mattie Breazeale were the first patronesses, and Miss Georgene Hughes was the faculty adviser. One hundred and four girls have been initiated into Phi Chapter since its origin eight years ago. Today, Phi Chapter has ten active members and ten pledges. Her patronesses are Mrs. Traber, Mrs. Mattie Breazeale, and Mrs. C. C. Stroud. Her faculty advisers are Miss Georgene Hughes and Miss Annetta L. Wood. Two delegates were sent to the bi-annual convention held last summer in Santa Barbara, California. The delegates were Dorothy Lowrey and Dorothy L'Herisson. Other alumni from Phi Chapter were also present. The whole of Phi Chapter expects to attend the next conclave, which is to be held in St. Louis, Missouri.

CHAPTER HISTORY

On April the twentieth, 1898, eight students at the Virginia State Normal School, located at Farmville, Virginia, inspired by their knowledge of the benefits derived by their brothers and friends from membership in various national fraternities, then active in nearby Southern universities, and anxious to further a spirit of sisterhood and to establish a standard of high ideals among themselves, banded together to form Alpha Chapter of Sigma Sigma Sigma. These students thus became the founders of the sorority which has had an uninterrupted and consistent growth ever since.

This little band soon felt the desire to share its new found sisterhood with girls in other schools and moved to establish chapters in various institutions in the South. Soon its chapter roll had grown to some extent and it found itself the possessor of chapters in several kinds of schools and the constant recipient of petitions from widely different fields.

During this expansion, no particular attention had been paid to the class of school which the sorority entered; more stress had been laid upon the type of young woman being considered for membership, consequently, by the year 1907, Sigma Sigma Sigma was confronted with the necessity of establishing uniformity among her chapters, some of which were in universities, some in normal schools, and others in secondary schools. Therefore at the Convention of 1911, the sorority voted to limit the chapter roll to Teachers Colleges of first rank. Thus, Sigma Sigma Sigma became the pioneer in the field of the Teachers College, the first to be strictly a national educational sorority.

Alpha Zeta Chapter of Sigma Sigma Sigma was established at the Louisiana State Normal College in 1928.

THETA
SIGMA
UPSILON

CHAPTER HISTORY

Theta Sigma Upsilon was first established at Kansas State Teacher's College at Emporia. It was established at the Louisiana State Normal College in 1928, and the Chapter was designated as Kappa. Since then, it has progressed rapidly.

At the last national convention, though Kappa Chapter was one of the farthest away, it was the best represented. Eleven Theta Sigs attended, eight of whom were active members, two were ex-collegio members and Miss Hope Haupt, the faculty advisor. The chapter won the plaque for scholarship, the plaque for the best stunt, and the popularity contest for the original sorority song.

At the beginning of the winter term, Kappa Chapter was composed of seventeen active members and ten pledges.

ALPHA
SIGMA
ALPHA

CHAPTER HISTORY

Alpha Sigma Alpha is the youngest sorority on Normal campus, having been established in 1930; but the chapter can, in 1934, boast of the largest membership of any other sorority on the campus. The chapter was exceptionally successful during rushing season this year, when it received all her rushees as Alpha Sigma Alpha pledges. Psi Psi is proud of her twenty-two initiated members and sixteen pledges.

Convention was held August 22-26, 1934, in the state of Alpha Sigma Alpha's founding—Virginia—where the reinstatement of the Mother Chapter was celebrated. It was held at Old Point Comfort, Virginia.

Psi Psi Chapter was represented by her president, Faye Price, who reported a most enjoyable time as well as a beneficial trip.

Founded at Warrensburg, Mo., 1920

Established at L. S. N. C., 1929

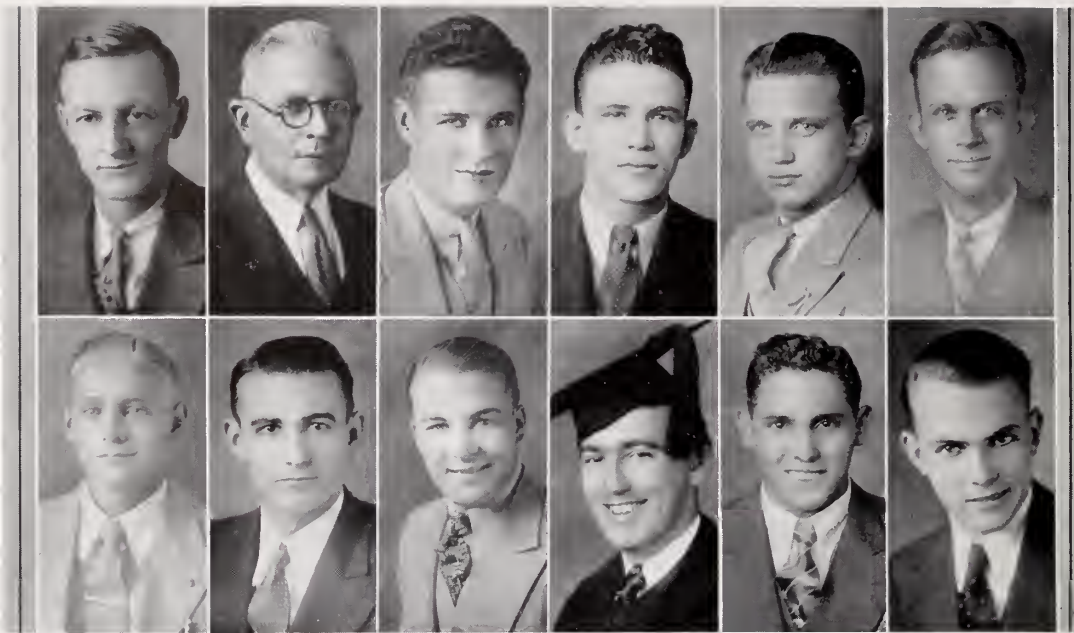

Colors: Purple and White

Flower: White Rose

The Nu Chapter of Sigma Tau Gamma, national educational fraternity, was established at Louisiana State Normal College January 19, 1929, when twenty-six men were made charter members of this distinguished organization.

Sigma Tau Gamma is composed of chapters in Teachers Colleges and Normal Schools of standard collegiate rank, and is distinguished by being the oldest fraternity of its kind in the country. The Sigma Tau Gamma fraternity is the only national fraternity on the Hill. Its purpose is to establish a more intimate relationship and brotherhood among its members and serve in every way as an uplifting factor in their lives.

Like the Sigma Delta Tau fraternity, from which it emerged, Nu Chapter has a standard in which it demands only the best men as its members. It is necessary for them to reach a high moral and scholastic attainment before being accepted.

LAMBDA ZETA

Brittain, Cork rn, Cunningham, Couch, DeBlieux, B., DeBlieux, C.
Dunckleman, Hagewood, Mitchell, Murray, Piazza, Ricketts

Since its founding on July 15, 1924, the Lambda Zeta fraternity has gradually developed into one of the outstanding fraternities on the hill. The activities of the Chapter have aided in bringing about a closer friendship between its members. It has also gained distinction from the type of men that has been chosen to become members of Lambda Zeta fraternity.

The Phi Kappa Nu fraternity was organized at Louisiana State Normal College on October 17, 1929, with a nucleus of nine outstanding young men on Normal's campus. In its five years of history, Phi Kappa Nu reviews with pride its attainments as a social fraternity. It has increased from nine charter members, namely: Alton Rockhold, Rivers Nesom, Dick Fluitt, Owen J. Resweber, Wilmer H. Jackson, Milton Hall, Arthur Seward, Thomas E. Crawford, and Howard H. Moorman, to its present enrollment of forty active members and twenty-five pledges.

The outstanding social function on Normal Hill during the school year 1934-35, was the beautiful Valentine Dance, given on February 9, 1935, sponsored by the Phi Kappa Nu fraternity.

The Phi Kappa Nu fraternity was founded upon the ideal that "An organization which does not contribute to the general welfare of the College can not justify its existence."

JESSE BOUCHER
President

LOUISE SEXTON
Secretary

DALLAS WILLIAMS
Vice-President

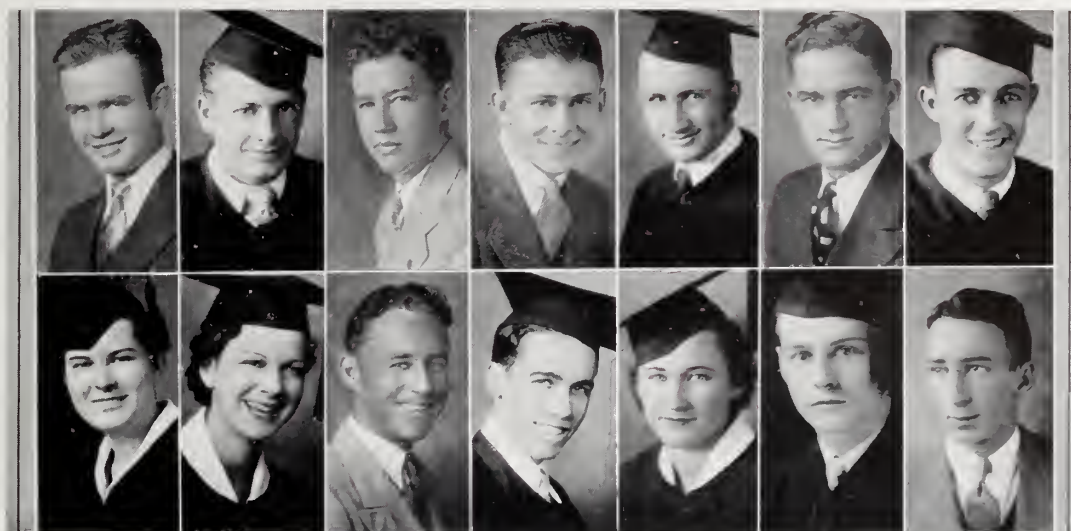

THE STUDENT BODY ASSOCIATION

Annually, in the spring term, the three main executive officers of the student body are elected by popular vote. The officers elected for 1935 are Jesse Boucher, president, Dallas Williams, vice-president, and Miss Louise Sexton, secretary.

Through the efforts of Jesse Boucher, the students have bound themselves together in a cooperative move for better student control of those matters which are purely student affairs. It was through the consistent efforts of Mr. Boucher and the administration that the excuse system, which had proved a miserable failure, was abolished.

Dallas Williams, vice-president of the student body and chairman of the student council, carried on his duties in an able manner. He was one of the main instigators for the adoption of a new student body constitution, which, as this annual goes to press, is one of the major problems facing the student council.

Miss Louise Sexton and Miss Lodi Tucker both had the honor of being elected secretary of the student body. Miss Tucker was elected during the winter term after Miss Sexton had resigned to fill a teaching position in one of the high schools of the state.

Austin, Averett, Baucum, Boucher, Doughty, Fulton, Hard
Longino, Mury, Odom, Pierson, Sexton, Williams, Winn

THE STUDENT COUNCIL

The Student Council is composed of fourteen members. These are: the three Student Body Officers, the presidents of the three religious organizations, presidents of the Sophomore, Junior, and Senior classes, the editors of the two publications, and three representatives elected from the student body at large.

During the past year the work of the student council has not been very effective, due most probably to the large membership on the council. However, with plans now under way to reduce the membership, and with other necessary changes being planned, the work of the council should become one of the leading factors in student relationship.

The sending of two delegates to the N. S. F. A. convention in Boston, of one delegate to a press convention in Chicago, and of another to a Southern student meet held in New Orleans was sponsored by the council. Gold footballs, tennis balls, track shoes, and basketballs were given to the seniors who had lettered in any of the different sports. Gold keys were awarded to the three student body officers and to the editors of the publications. Gold megaphones were received by the cheer leaders who were seniors and who had been cheer leaders for two years prior to their senior year. The finance for such activities of the council is received from a small part of the registration money paid each term by the students.

Allen, Corley, de la Bretonne, DeMoss
 Ducournau, Fournet, Fulton, Halbert, Kimbrell
 Leonard, Miller, Pierson, Roberts, Webb.

LAMBDA DELTA LAMBDA

Eta Chapter was founded at Normal in May, 1931. Membership is limited to students who major in Chemistry or Physics. Such students must have earned twenty-one term hours in Chemistry or in Physics, or both, and must average two and a half or better quality points per term hour.

The purpose of the fraternity is to promote interest in the study of Chemistry and Physics, to encourage a high standard of scholarship in these subjects, and to provide recognition for those attaining the high standard.

Plans for attending the national convention to be held in Colorado this summer are being made by some of the members of the chapter and also by Mr. F. G. Fournet, faculty member and adviser, who has attained national recognition through his work with the Eta Chapter of Lambda Delta Lambda.

ALPHA PSI OMEGA

*The charter members of Alpha Psi Omega were initiated
 April 21, 1933*

Alpha Psi Omega was organized as an honorary dramatic fraternity for the purpose of providing an honor society for those obtaining a high standard in dramatics. Delta Eta Cast is not intended to take the place of the dramatic club, for membership in it is only a recognition of participation in college dramatics. As students qualify, they are rewarded by election to membership in Delta Eta Cast of Alpha Psi Omega.

THE DRAMATIC CLUB

The Dramatic Club was organized in 1923 and is now under the guidance of Miss Annetta L. Wood. A number of excellent productions have been staged under her supervision.

The organization, in addition to sponsoring at least one play a term, also sponsors the Lesche annual play writing contest by producing each year original plays written by students of the Normal College. Each of these original plays is representative of the superior dramatic work done by the students of the college.

Several of the term plays have been given this year at C. C. C. camp, much to the enjoyment of the boys who rarely see something so entertaining within their own gathering.

KAPPA

HISTORY

Phi Kappa was founded in 1931 with the idea of discovering talent and aiding in its development. It sponsors each year an impressive Christmas Pageant, a stunt night, and a Masquerade Ball.

Miss Annetta Wood is director of all entertainment and sponsor from the Dramatic Club. Mrs. Lillian Gerow McCook is sponsor from the Music Department, which furnishes music for all functions of the club.

Mrs. Olive Long Cooper, sponsor from the Art Department, was the founder of the club when it had its beginning in 1931.

Miss Johnny Bowles, the college dietitian, is a great asset to the club in preparation for their many social activities.

W. A. A. RIDING CLUB

One of the main attractions this year to the physical education students was the establishment of a horseback riding club. President Fredericks purchased ten horses for the enjoyment of the college girls. After the first few rides, some of the girls were rather doubtful whether these horses did afford enjoyment. However, it was merely a matter of time before every member of the riding club found great pleasure in riding over the beautiful sections of the campus.

Mrs. Kyser, director of women's physical education, has charge of the horseback riding club, and through her instruction has made this one of the most sought after sports on the campus.

WOMEN'S ATHLETIC ASSOCIATION

OFFICERS 1934-35

LODI TUCKER	<i>President</i>
MILDRED WALKER	<i>Vice-President</i>
MARJORIE ESCUDÉ	<i>Secretary</i>
KATIE V. HEINTZ	<i>Treasurer</i>
META LEWIS	<i>A. S. C. W. Reporter</i>

The Women's Athletic Association was organized on this campus in 1925. It has for its purpose to develop leadership and sportsmanship. Honors are given each year to the high-point girls for actual participation in the sports.

THE FRESHMEN COMMISSION

The Freshmen Commission was organized at the Louisiana State Normal College in the Spring of 1927. The aims of the organization are to promote training in leadership, a spirit of service and spiritual growth among its members. The members are chosen from the Freshman class on the basis of service to their respective organizations, character, and scholarship.

One of the most important services which this organization renders to the college, is during the period of Freshman Days, during which time the members serve as guides to the incoming students. Miss Katherine Winters is the faculty sponsor for the group.

THE PURPLE JACKET CLUB

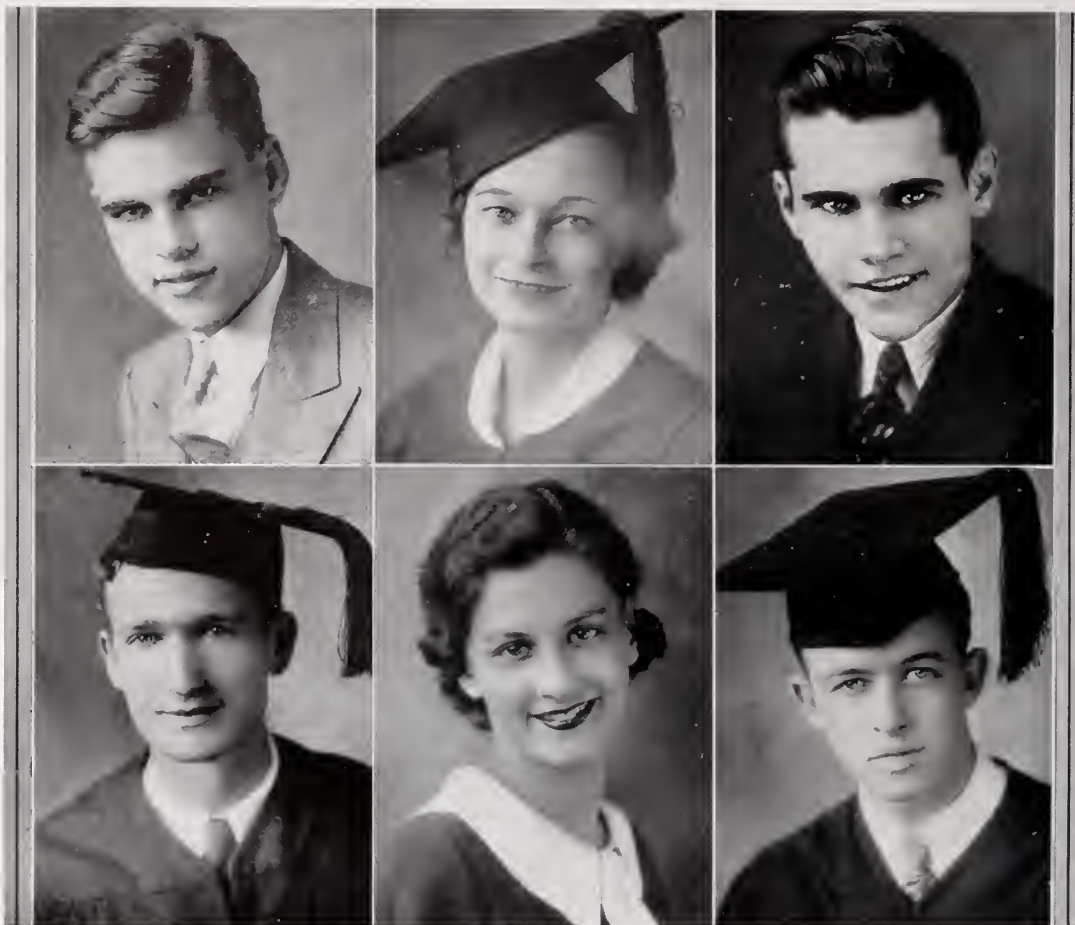

OFFICERS FOR 1934-35

FRANCES STEVENS	<i>President</i>
MILDRED BAIRD	<i>Vice-President</i>
URSULA DAVIES	<i>Secretary-Treasurer</i>
MARY HELENE WHITBY	<i>Reporter</i>

Supreme loyalty to Normal everywhere, at all times, integrity of character, attributes of leadership, and a high scholastic status are the requisites these girls meet in becoming one of Normal's Purple Jackets, a title of honor and confidence.

The Purple Jackets give valuable assistance when serving at rallies, plays, recitals, graduations, and other formal and informal affairs of the college. They are especially helpful during the Freshman Days, at which times they serve as guides for the new students.

The wearers of the Purple Jackets are ever striving to spread loyalty to their Alma Mater among the other students and to increase the efficiency of their college.

Maddox, Kerr, Bordelon
Murphy, LeBlanc, Pierson

ORATORY

It is with great pride that we trace the brilliant record made by Louisiana State Normal College students during the last four years in oratorical contests. Each year there is donated to every state in the union about one hundred and fifty dollars to be given as prizes to winning contestants of the state oratorical peace contests. During the past four years, Normal students have received three first places in the men's division, and two first and one second place in the women's division. In 1931, Miss Evelyn Horton won first place; in 1932, Normal carried off the high honors in both divisions with the speeches given by Mr. Henry Pierson and Miss Madlyn Kerr; in 1933, Mr. Elton Bordelon received first place on his speech "Peace—The Policy of Nations"; and in 1934, Mr. Jack Murphy and Miss Elisa LeBlanc won first and second places respectively. Mr. R. L. Roop instructed all the above contestants. Miss Clio Allen, supervisor of English at the Natchitoches High School, aided each of the winners in the composition of his speech. Mr. Kier Maddox added to the laurels of the speech department by tying for first place in a poetry reading contest held in Birmingham, Alabama, in 1934. He was coached by Miss Annetta L. Wood.

Dawson, de la Bretonne, Fisher
Garrett, George, Maddox, Makar
Mitchell, Pierson, Ropp, Whitner

DEBATE

The debate schedule for 1935 was the most extensive in the history of forensics at Normal. The squad of twelve speakers entered in several intersectional contests and the following tournaments: Baylor University Tournament at Waco, Texas; Mid-South Tournament at Conway, Arkansas; Savage Tournament at Durant, Oklahoma; and the Louisiana Tournament at Natchitoches.

In the debate at Baylor, two men's teams were entered. The Maddox-Makar team reached the semi-finals before being eliminated.

In the tournament at Conway, Arkansas, some of the leading debate teams of the country were entered. Normal was proud that against such strong competition, three of the six teams entered were able to survive the initial three out of five elimination round. Two of the teams, the Maddox-Makar pair and the Whitner-George pair, were eliminated after the seventh round of debates. At the time of their elimination only a few teams remained. The de la Bretonne-Aden pair were eliminated in the sixth round by one of the best teams in the tournament.

The remaining tournaments had not been held as this book goes to press. An even more extensive campaign is being planned for next season.

Credit for the success of the debate teams is given entirely to Mr. R. L. Ropp, who worked diligently on working out points on the 1935 question "Resolved that the nations should agree to prevent the international shipment of arms and munitions."

YOUNG WOMEN'S CHRISTIAN ASSOCIATION CABINET

The Y. W. C. A. was formed in 1911 by the union of the King's Daughters and the Devotional Circle, two organizations for creating a greater fellowship among the women students and the faculty and to draw them closer to their Creator.

The purpose of the Y. W. C. A. is to unite girls in a desire to live a full and creative life; to share this life with others; and to seek to understand Jesus and follow Him.

The devotional program of the Y. W. C. A. consists of vesper services each Sunday evening, morning watch, a short prayer service, each morning before breakfast in the Y. W. C. A. house, and weekly prayer meetings in each dormitory.

The Social Service work of the Y. W. C. A. comprises providing clothing for the needy children of the Training School, completely clothing an orphan in Ruston, and assisting in the orientation of Freshmen, as major activities.

NEWMAN CLUB CABINET

The Newman Club of the Louisiana State Normal College is a Catholic students' club which is affiliated with the National Federation of College Catholic Clubs in non-sectarian institutions throughout the United States and Canada.

This spring the Gulf States Province Convention of the Newman Club was held here at Normal. The convention was a most enjoyable and beneficial one to the many delegates who represented the schools throughout the South.

JESSE BOUCHIER	LESLIE DeCOU

The Young Men's Christian Association of Louisiana State Normal College is an organization of religious students. Its chief aim is to be an active factor in all form of moral and Christian work properly within the scope of such an organization, and to bring the young men into a closer relationship among themselves and their Creator. The members of the organization devote their energy to the improvement of the students, mentally, morally and spiritually upon the athletic fields, in the class room, on the campus and everywhere.

The "Y" plans to do a wonderful work next year and stands ready at all times to lend a hand to all students contemplating entering Normal.

THE L. S. N. C. BAND

The Normal Band, under the direction of Gilbert T. Sactre, has developed into one of the most popular organizations on the campus. It has become an integral part of our school life, participating as it does on programs for special occasions and in intercollegiate football and basketball contests.

Mr. Sactre, besides striving for a sixty piece organization, is planning to take the band to Baton Rouge to the State High School Band Contest, not as a contestant, but for demonstration purposes.

One of the highlights of the school year was the concert given by the band at which time the entire program was dedicated to President Albert Fredericks, and the "Williamson March," named in honor of Professor George Williamson, was presented.

All of the activities of the band have proved most enjoyable to the entire student body and faculty.

THE TREBLE CLEF CLUB

The Treble Clef Club, formerly the Ladies' Glee Club, was founded in September, 1931. Annual concerts have been given since 1933. The club has broadcasted from Stations KTBS and KWKH, besides taking part in all college festivities.

ALPHA PHI GAMMA

Alpha Phi Gamma, national journalistic fraternity, is the oldest honorary club on the campus. Its national membership includes some of the most outstanding personalities in the field of journalism in the United States. The Iota chapter was established at the Louisiana State Normal College in 1926. The standards of the fraternity are very high and the invitation to membership is extended to only those people who show proficiency in scholastic attainments as well as in the art of writing. At present there are ten active members enrolled in the college.

In 1934 Iota chapter was represented at the national convention in California by two delegates. This year the chapter has been given an "A" rating on its activities, the most important of which is the sponsoring of a high school contest in journalism.

THE PRESS CLUB

OFFICERS

RAY WINN	President
DEWITT GARRETT	Vice-President
AMANDA SAGRERA	Secretary

The Press Club was organized in the fall of 1934 for the purpose of publicizing the Louisiana State Normal College in the weekly papers of the state. So successful was the club, stories concerning the college appeared in practically every one of the 115 state newspapers.

Not only did the Press Club members receive valuable experience in writing stories for their "home-town" papers, but they heard speeches by some of the most outstanding newspapermen of the state, who were invited to the campus for the expressed purpose of enlightening the students as to the correct manner in which a news story should be written.

THE 1935 POTPOURRI

The task of the staff of an annual is both pleasant and arduous. It is pleasant because of the fact that one feels he is recording Normal history, and has a part in adding to the annals of his Alma Mater. It is arduous because of the infinite detail required in the compilation, and the many hours one must spend at this task. Each member of this staff has had as an ultimate aim, the publication of a book that will be a lasting pleasure to the students of the college.

THE 1935 CURRENT SAUCE

Credit for the success of the *Current Sauce* this year is equally divided. Had it not been for the liberality of the present Normal College administration in subsidizing the paper, it could not have been enlarged to six columns and presented so effectively. Then, too, the staff pictured above cooperated so faithfully that the merits of the *Current Sauce* drew statewide praise.

However, the success of the publication is really due to the untiring efforts of Professor R. L. Ropp, Director of Publications at the Louisiana State Normal College and faculty advisor of the *Current Sauce*.

THE EUTHENICS CLUB

The Euthenics Club of Louisiana State Normal College was organized in November, 1926. All Home Economics students above the rank of Freshmen are eligible for membership in the club, whose purposes are to develop a professional spirit, cultivate and foster sociability and promote culture.

The local organization holds membership in the Louisiana Home Economics Association and in the American Home Economics Association.

ADVERTISING

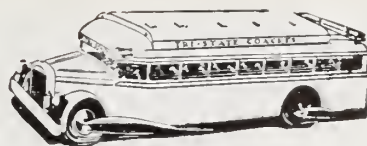

The Teachers College of Louisiana has cost the State of Louisiana \$5,284,421.13.

In return the College has given the State 8,354 trained teachers who have taught an average of eight years or a total of 66,832 teacher-years. Assuming that teachers instruct an average of twenty-five pupils per annum, the graduates of the State Normal College have taught 1,670,000 pupil-years.

If government statistics are correct that a year spent in school is worth \$150.00 to an individual each year of his earning period and if each individual is allowed an earning period of twenty years, the graduates of the Teachers College of Louisiana have given the youth of the State education valued at \$5,010,000,000, or more than \$100,000,000 per annum.

Therefore, the Teachers College of Louisiana rightfully deserves the distinction of standing today as "THE STATE'S BEST INVESTMENT."
